

# GEO DINING TABLE

Made to order in a variety of sizes, materials, and finishes

Shown in steel with a black oxide patina

Three-part polished marble top

84" w x 36" d x 29.5" h

Inspired by geological plates slipping past one another, this ethereal table features cutaway arches and parabolic curves without end. A chunky, volumetric base grounds the table, while the patterned marble top, created from three stones seamlessly joined together, draws the viewer's eye across the jewel-like surface.

Made in Brooklyn, NY
